Portfolio: <https://my-professional-portfolio-x-dofk8i89f-mevaldovi.vercel.app>

Full stack web developer leveraging background in psychology & restaurant service to provide creative perspectives on how users interact with the web. Earned certificate in Full Stack Web Development from the University of Texas of Austin Coding Bootcamp. Excited to learn new technologies & thrive in rapidly growing environments. Solution-oriented, organized, & technically inquisitive thinker with a curious mindset, software developer, and creative problem-solver with a passion for personal development, growth, business, and innovation, with a focus on quality web applications & responsive web design.

## TECHNICAL SKILLS

**Languages:** JavaScript ES6+, CSS3, HTML5, SQL

**Applications:** Github, MySQL databases, MongoDB, GraphQL, Heroku, Azure, NoSQL databases

**Tools:** ExpressJS, NodeJS, jQuery, Bulma, Bootstrap, Node Package Manager, ReactJS, OOPs, REST APIs, Material UI, Babel, Webpack

**Soft Skills:** Strong Work Ethic, Personal & Professional Development, Excellent Analytical & Written Communication Skills, Creative Thinking & Problem Solving, Ability to Work Effectively Independently & in Collaborative Team Environments, Attention to Details, Organized, Multitasking

## PROJECTS

**Word Guessing Game** | <https://github.com/mevaldovi/Word-Guess-Game>  
<https://mevaldovi.github.io/Word-Guess-Game>

**Summary:** Identified design graphics errors. Resolved web app font size by 20 units to optimize UI. Implemented 25% faster webpage load by eliminating extraneous code & images.

- Role: Sole author
- Tools: HTML, CSS, JavaScript

**React Weather App** | <https://github.com/mevaldovi/Clouds-React-Weather-App>  
<https://mevaldovi.github.io/Clouds-React-Weather-App>

**Summary:** Built app to get reliable same-day weather forecast. Revised with a 75% cleaner UI/UX for maximum speed & richer layout aesthetic. Optimized screen dimensions to view app from any type of device.

- Role: Sole author
- Tools: ReactJS, HTML, CSS, JavaScript, JSX

**Random Password Generator** | <https://github.com/mevaldovi/Random-Password-Generator>  
<https://mevaldovi.github.io/Random-Password-Generator>

**Summary:** Systematized scope of variables. Prioritized efficiency over repetition of code. Generated a unique random password.

- Role: Sole author
- Tools: HTML, JavaScript, CSS

**ReadMe Generator** | [https://github.com/mevaldovi/ReadMeGenerator\\_Revised](https://github.com/mevaldovi/ReadMeGenerator_Revised)  
[https://drive.google.com/file/d/1yuwqE0nUSRXwtrX48BLf\\_tEaDE3jma6k/view](https://drive.google.com/file/d/1yuwqE0nUSRXwtrX48BLf_tEaDE3jma6k/view)

**Summary:** Improved coding refactor by 50% for faster app performance. Initialized dynamic generation of README.md file using command line.

- Role: Sole author
- Tools: NodeJS, Inquirer, JavaScript

**React Calculator** | <https://github.com/mevaldovi/ReactCalculator>  
<https://mevaldovi.github.io/ReactCalculator>

Summary: Expedited app's speed performance by 40%. Optimized UI development for cleaner user experience & scalability. Prioritized app's UX/UI to be intuitive.

- Role: Sole author.
- Tools: ReactJS, HTML, CSS, JavaScript, JSX

## **WORK EXPERIENCE**

### **Server 2020 - 2021**

#### **Blast & Brew Rocklin, CA**

Summary: Executed excellent guest experience. Collaborated with front of house and back of house to deliver accurate orders to guests.

Built in Key Accomplishments:

- Exceeded the expected number of tables to be served per week and increased sales by 25%.
- Initiated training of new hires in teams of five on front and back of house fundamentals.

## **EDUCATION**

### **Certificate In Progress Microsoft Azure Fundamentals**

#### **Coursera**

A self-paced online course directed towards gaining knowledge of Microsoft Azure Cloud Computing concepts, architecture, analytics, database, storage & networking services.

### **Certificate 2021 Full Stack Web Development**

#### **UT Austin Bootcamp**

A 12-week intensive program focused on gaining technical programming skills in JavaScript ES6+, HTML5, CSS3, jQuery, MySQL, Middleware, Computer Science for JavaScript, Asynchronous Functions, Coding Best Practices (DRY), Object-Oriented Programming, Error Troubleshooting, Test-Driven-Development (TDD) & QA, Responsive Design, Troubleshooting & Problem Assessment Skills, Performance Web Apps (PWAs), Bulma, MongoDB, MVC frameworks, Bootstrap, Heroku, Security, Data Protection & Session Storage, Git Version Control, & User Authentication.
